Marie is SUCH a professional. Everything is incredibly clean and sterile. She did such a great job of calming me down (I'm a nervy little coward) and making the whole procedure humane for me. She is very experienced and very good at what she does. I'm so glad I found her. Thanks SO much.

I am so glad I bot both eyeliner and eyebrows done! Maria did such an amazing job. I highly recommend her to anyone looking to do one or both procedures. She does a great job explaining the process and helping you relax during the process.

Imagine my new found joy at waking up with visible, perfectly arched eyebrows. Couple that with newly tinted eyelashes, and some fabulous skin care products, and I now my skin is radiant and my eyes are sparkling even before I get out of bed! Maria has a magical blend of creative design and razor sharp precision. She earned my trust quickly, and I couldn't be happier with what she has done to boost my confidence! MJV

I suffered from Trichotillomania and I lost my eyebrows completely over a span of about 7 years. I also had considerable scarring that has since turned white. Maria worked with me to get my eyebrows tattooed on. Last year (the first time I went to Lasting Looks for the procedure) my eyebrows disappeared when I had to wash them off, and I was devastated. Of course, this wasn't Maria's fault because my scars were still fairly fresh and my skin did not want to accept the ink yet. I went back 6 weeks later and got them re-tattooed again. They stayed on just enough, but I still had to draw them on. However, I was still thankful to have a `astecila to follow instead of just relying on my hands. That was actually a huge relief. This year, I went to see Maria again to get my fully healed eyebrows tattooed again and they were superb! I was ecstatic that they did not wash off! Maria was amazing trying to keep my insane bleeding under control too. She has the patience of saint and incredible determination to see me through the procedures. I went again for the touch-up for a little more of an arch on each eyebrows again, they were perfect! My left eyebrow bled a bit too much and I am planning to get a tiny touch-up again. Maria had suggested that I start taking Vitamin K to decrease the amount of bleeding I seem to have with tattoos. So, if you are a bleeder like me, take this vitamin before you go in to see her! I also broke my habit of plucking out all of my eyebrows. I don't know how, but I did! I really don't know what I would do without Maria. She has changed my life for the better. I have undergone such a HUGE transformation from getting my eyebrows back. I am a completely new person. Thank God for Maria

I went to Maria to correct eyeliner that was done last fall by someone else and could not be more pleased with Maria's professionalism, knowledge and eye for detail! My eyeliner looks great now! If you are considering having any permanent makeup procedure done, do not hesitate to contact Maria! I highly recommend her!

For some reason my skin did not allow the eyebrows to stay. They faded after a few weeks. Maria insisted she redo them at no charge. This happened 3X and now I have awesome brows and they have stayed. It could have been something in my skin or whatever. She is dedicated and excellent at what she does. I recommend her highly.

"My first attempt at permanent eyeliner was through a Living Social deal. The results were completely unacceptable. The application was inconsistent and the bruising was excessive. As I began the process anew in researching micropigmentation specialists, I was impressed immediately by the thoroughness of Maria's website. The photographs and explanations provided a vivid snapshot of what to expect during and after the procedure. Maria did an outstanding job in correcting my eyeliner. She was courteous, professional, and managed my expectations beautifully. I would highly recommend her to anyone considering this procedure."

Perfect Brows and Lovely Eyes! by Joan Harris

"After my cancer treatment, my head hair grew back but not my brows. Maria at Lasting Looks gave me my brows back and lovely eyeliner too! She is professional, kind, and has a great eye for what will look good. The colors she chose for both brows and eyes are perfect, and the shape of my brows is so natural looking. I am so happy with the results. Thank you Maria."

"For 30 years I thought about doing permanent eyeliner and I'm so glad I finally did! Maria is a true professional and a perfectionist— the right combination when you want this done. I expected to have super swollen eyes for days but not so! I expected severe pain, however, it was more like a weird vibrating sensation while she applied the pigmentation. Just follow her directions and apply the ointment afterwards and you will be so glad you did this."

"I have considered permanent eyeliner for years— but was nervous. After much research, I had it done by Maria. It is the best thing I have ever done! I love getting up in the morning and having eyes! Maria is professional, helpful, understanding, and overall great. As a matter of fact, I am so happy with the eyeliner I am going back (just three weeks later) for eyebrows! I highly recommend Lasting Looks!"

"I am from NM and came to see Maria specifically for permanent eyeliner. I was impressed with Maria's knowledge, professionalism and skill. Her treatment area is immaculately clean and comfortable (loved the soft music) which puts the client at ease. I couldn't be happier with the results and am coming back to have my brows done. If you are considering permanent make-up, look no further than Lasting Looks. You will not be disappointed."

I can't begin to say how happy I am with my new eyebrows. Maria is terrific. She does a wonderful job and really cares about her clients. "I went to Maria and had both eyeliner and brow micropigmentation completed. She is meticulous and a perfectionist, just what you would want when having these types of services. Yay for My Face! by DJ

"My experience was a good one. Marie was efficient and explained the process every step of the way. I appreciate her professionalism. She was gentle and has a good eye for this. I was scared of walking out looking like the Bride of Frankenstein but it was quite the contrary. While it was dramatic, it was also lovely. It's been a week and they have faded a good amount and now look very nice. I like waking up every morning and feeling like my face is already "done." I'm actually not a fan of wearing a lot of makeup. The brows have given me a lot of extra confidence. And there's never anything wrong with that. Go see her."

Simply the Best! by Kelly M

"Maria, owner of Lasting Looks, is simply the best. Not only is she the ultimate professional but the facilities of Lasting Looks are incredibly clean and comfortable. The wonderful results of Maria performing her magic in artfully applying permanent eyeliner on both my upper and lower lids stands in stark contrast to my first experience with 'permanent tattoos' 11 years ago in Alaska. There is really no comparison! The differences are apparent in every area... from Maria taking the time to fully explain the procedure and touring the facilities before hand, to the proper use of the anesthetic (and the effectiveness!), and of course the perfect results! I will be taking advantage of the wonderful procedures Maria offers for years to

come. If you are considering something for yourself or as a gift you absolutely must visit Lasting Looks! Kelly M.”

“Maria did an awesome job reshaping and finding the perfect color for my brows, I'm so pleased with the outcome!! I got my brows done about six years ago, three touch ups and got the ugly red/orange tone after a few months thought I went with a professional but what a disappointment. Maria has a great clean place to work, always courteous and listens to what you want, also gives you advise on what it might look nice for your face shape and natural look; she has over 25 years of experience don't hesitate to get your brows or eyeliner done, she is a true professional!! I highly recommend her to anybody reading this review.”

I am More Than Happy! by Barb

“Thank you so much Maria. My brows are just a little darker than what I would like but I know they will lighten up over the next four weeks just as you told me. I have to laugh because my brows look just like they did when I was 20 years old before I started tweezing and shaving them and ended up with such skimpy looking brows that I had to pencil in every day. What a mess and they would wear away as the day went on and I would look horrible again. Now I will never have to think about them again. I have been receiving so many compliments and they are not even healed yet! Thank you again for everything and all your good advice.”

“I would like to highly recommend Maria's Lasting Looks for anyone seeking permanent makeup. Before choosing Maria of Lasting Looks to do my permanent eyeliner, I did a lot of online research. She is a rare find— a consummate professional with incredible attention to detail. That is what you want in someone who will be changing the look of your face, right?! She didn't rush the procedure, she helped keep me

comfortable, and told me what she was doing every step of the way. Her office is beautiful and clean, she has been a certified Micropigmentation Specialist since 1993 and is OSHA certified (That's what you want!). When I went back for my (free) touch-up, it was so wonderful because there was nothing to touch up— she had done a perfect job— but to thank me for coming back she gave me a free eyelash tint and that was awesome! I love my eyeliner and will do it again when it is time! Thank you Maria!”

Correcting Someone's Mistakes by Dana

07/26/2012

“Maria is just awesome! I had my eyebrows done a couple of years ago at a plastic surgeon's office. I thought since this doctor had a reputable name that this would be the place to go. What a mistake! I found out later that she wasn't affiliated with that doctor and he wasn't responsible for her work. Needless to say, I was extremely disappointed. Then I found Maria! She did a fabulous job of correcting and shaping my brows. I actually have an arch now (which I have always wanted) and they are nothing short of perfect! Beware! You definitely get what you pay for, as I found out. You just can't go wrong with Maria...she's the best at what she does!”

Don't Go Anywhere Else! by Holly

“Maria of Lasting Looks is the only person to go see for permanent makeup. I had gone to a lady in Boulder to have my eyebrows done and it was a disaster. I'm a fair-skinned natural blonde and I had gray eyebrows. It looked so bad for many years because I didn't know what to do about my problem. The lady who originally did them would not fix them nor did she know how to fix them. In fact, she made them gray, twice. I found Maria and decided to give her a try. I had nothing to lose at this point. Maria did a great job. It took three attempts to cover all the gray color but Maria would not give up on me. She worked very hard and gave me a lot of her time to fix someone else's mistake. I'm forever grateful to Maria and will go to her again and again.”

Maria is Great! by Angels

"I had my eyeliner done previously by Maria and I loved it, so I decided to get my eyebrows done too. Wow! Am I glad I did. She told me it would top off my face and accentuate my eyes even more, and boy it did! I am so glad I had it done. I love it. It did not hurt, and as a matter fact, I could have fallen asleep as I was so relaxed. My eyebrows look perfect. She is very patient and took her time to get them just perfect. My friends just stare at me and say, 'your eyes look great!' Maria is very professional and friendly and her office is very clean. She explains what she is doing and then what to do after the procedure. I never had any problems at all. My eyes look so natural and my eyebrows match great with my hair color. She is very calm and takes lots of time with you. I wish I had known her many years ago. I love not having to put eyeliner on and do my eyebrows. Thanks Maria!"

"I found out about Maria through a local tattoo shop this summer. I contacted her right away and we made an appointment soon thereafter. At first I thought I just start with the eyebrows then when I saw her portfolio of work I added eyeliner for the lower lid. I plan on seeing her again for corrective work on a foot scar. Everyone talks about her professionalism and this is so true! She will spend as much time as needed and possible to make sure the client is certain and ready to proceed. I highly recommend anyone who is thinking about permanent makeup. I had eyeliner done previously but it really didn't ever look like what she did for me. Give her a call. You will be very pleased!"

She is such a talented artist and spent so much time getting just the right shape, shade of color, and making sure I was comfortable while answering all my questions along the way. She definitely knows what she's doing and I'm so pleased I found her during my online search. And everything was done in her beautiful home office which felt more like a spa once I stepped inside. "I have had the pleasure of having Maria at Lasting Looks do a permanent cosmetic procedure on my eyebrows. I have been nothing but thrilled with the results and I am happy to say that her work has changed my life! I came into Maria's office with very, very thin eyebrows. This has been something that I have continued to be insecure about my entire life. My face always looked incomplete. I met her first for a lengthy consultation in which I told Maria how I wanted my eyebrows to look as well as the fears I had around this "permanent" procedure. She took over an hour telling me what to expect and I made the next appointment. Even after the six weeks after I had my eyebrows done, I went to see Maria and we wound up making them even thicker and tweaked the color. These were all recommended by her! Other posts of hers have said that Maria is a perfectionist and I couldn't agree more. I travel a lot for business and I cannot tell you how many people have commented on how great my eyebrows are."

If You Want a Perfectionist by clmc

"Maria is a true perfectionist who takes her time. Everything is included in her price which is nice (other places will nickel and dime you by charging for the aftercare products and touch-up session). I had my eyebrows done and they are PERFECT. Maria takes her time; there is no "pressure". She re-drew my brows a million times so I could be absolutely sure. She has an excellent eye and her experience shows— she is very knowledgeable about colors (I'm a redhead so that was important!) and fading, so you can make an educated decision about size, shape, and color. She really listens to what you want (rather than some people who listen to you and then do it their way anyway). She gives great advice as a professional, but ultimately she does what you want. My sister loves mine so much she wants to fly in from Florida to get Maria to have her brows done too! And we are both very picky. I can't recommend Maria enough- after past trauma with less quality, I'm extremely pleased with Lasting Looks."

I Recommend Her by Satisfied Customer

04/04/2009

"I had my eyebrows, upper, and lower eyeliner done by Maria. I would definitely recommend her to anyone considering permanent makeup. The first time I heard about permanent makeup I knew I wanted to have it done. I use to draw my eyebrows in and put eyeliner on every day, it is so nice not to have to spend the time doing that any more. When looking for someone to do the tattooing I was very concerned about places knowing what they were doing and not just assuming they could do permanent makeup because they had done other types of tattooing. Maria is accredited and she knows what she is doing. Her experience and good taste helped me to feel at ease. I am super picky and detailed; things that no one else would notice would bother me. Maria is the same way, which is good because she took the time to make my results fit what I wanted. Not only did Maria do a great job on my eyeliner and eyebrow tattooing, she also gave me advice on how to improve my look with what I had been doing."

"I recently had permanent makeup applied to my eyebrows by Maria at Lasting Looks and have been absolutely thrilled with the results. I chose Lasting Looks after researching many other clinics because I felt that Maria's work (see website) was far more natural looking than any other images that I saw. I was extremely nervous to have the procedure done, but Maria was quick to set my mind at ease. She was very professional and showed me the sterile equipment she would be using prior to starting the procedure. She was knowledgeable about proper eyebrow shape, length, and color and spent a great deal of time drawing (and re-drawing) to make sure I was satisfied with the results. I was pleasantly surprised that the topical anesthetic worked so well. The procedure was pain-free and I felt very relaxed throughout the procedure. I would highly recommend Lasting Looks to anyone considering permanent makeup and I plan to return for permanent eyeliner soon."

"I love my new eyebrows. My 'real' eyebrows each had a big gap in them and were thin and mismatched. I had to draw my brows every time before leaving home. Maria did a great job and I am so happy to roll out of bed with great brows now. She was even patient when my baby cried the whole time and didn't stop until they were just right. My mom begged me not to have my eyebrows tattooed because they would 'look fake' but I had them done and never told her and she never noticed! It just looks like I have good eyebrows!"

"I seldom used makeup due to allergies. Upon hearing fantastic comments about Lasting Looks, I decided to give it a try. And am I ever glad I did. I had eyeliner and brows done more than a year ago. Every day I have the look of having freshly applied eye makeup without doing a thing. And no eye irritation at all. When I next visit Denver, I'm going to have eye shadow and lip liner done. My friends and family couldn't believe that it was permanent at first. I think they'd all like to make a visit to Denver now."

"Unlike most businesses, Lasting Looks strives for 100% customer satisfaction. However, unlike the average cutthroat sales person, Maria actually delivers. Prior to my eyebrow tattoo procedure at Lasting Looks, I have been to several other permanent makeup artists. I have been in search of one that could give me the shade of brown that I desired. But at the end of each visit I was only left with some disastrous color that could hardly be called brown. Maria soon fixed that problem. She really took the time to listen to what I wanted, and in the end I left perfectly satisfied."

Though I'm a big baby and have difficulty with pain, tearing, and needing to blow my nose a million times during the process, the results were excellent. Maria provides any follow-up procedures in order to get the tattoos to your liking without extra charges. I'm allergic to eye makeup so this was a good alternative for me. "Ms. Morton is a perfectionist. My eyebrows and eyeliner are absolutely perfect, applied better than I could ever do on my best day! The eyeliner is thick (as requested), the eyebrow color is a perfect match to my eyebrows. Very few permanent makeup people have the artistic eye, patience, and willingness to do the job with the perfection, skill, and willingness to do exactly what the client wants. I no longer have to painstakingly apply eyeliner or eyebrow pencil. It's amazing to have perfect eyebrows and eyeliner, every minute of every day. It cuts down my prep time to get out the door significantly. Because the eyeliner and eyebrows are so perfect, I actually feel confident wearing less of the other forms of makeup because my eyes are so stunning. The effect is amazing and Maria is the artist behind it."
